The final matchup was against St. Catharine of Wixom. The teams had met earlier in the year at the Schoolcraft Invitational.

The teams were very evenly matched and there were many great plays on both teams. The Bulldogs lost 24-26, 25-23 and 9-15.

The team played well, especially into the semis and finals. The team has put together a well-balanced attack and was strong on serve receive and serving all day long, placing pressure on their opponents.

The girls are working well together as a unit. We want to continue with really good communication on the floor and working to continue making runs in points on our opponents. I am really proud of the effort of the team and are looking forward to starting the SEC schedule and work for a championship in the white division.
