

Chelsea Police Department Weekly Press Summary

Incident #:21-1585	Location: 1100 block of S. Main Street
Date: September 2, 2021	Time: 1:44 pm
<p>INFORMATION: While at the Chelsea Police Station the officer received a telephone call from a complainant who stated that he needed to report the theft of a large amount of lumber that had been stolen from a work site. The complainant stated that he believed the theft had occurred sometime between September 1st at 6:00 pm and September 2nd at 1:30 pm. The complainant reported that approximately sixty (60) 2"x 8" x 16' long pressure treated boards had been stolen from a locked fenced in area. The complainant stated that the lock was still secure on the gate when the theft was discovered. The fact that the gate was locked caused the complainant to theorize that the suspect(s) had disassembled a section of the gate to gain access to the work materials and then reassembled the section of gate so theft wouldn't immediately be discovered. At the time of the report there was no suspect information available. The case was closed pending further information on possible suspect(s).</p>
